PROFILE

Aspiring Artificial Intelligence enthusiast seeking opportunities to apply and expand my knowledge in web development, machine learning, and AI-driven solutions. Passionate about leveraging technology to solve real-world problems, with hands-on experience in building websites, Android apps, and AI-based tools.

EDUCATION

B.Tech in Computer Science (AI specialization)

Jain Deemed-to-be University, Bangalore (2023-2027)

GPA: 8.4/10

Class 12th – Science Stream

Sri Sri Ravishankar Vidyamandir (2021-2023)

Secured 75%

Class 12th – Science Stream

Sri Sri Ravishankar Vidyamandir (2021-2023)

Secured 75%

PROJECTS AND EXPERIENCE

Web developer and social media manager

Sri Krishna International Public School

- Designed and developed the official school website using HTML and CSS.
- Managed social media platforms to enhance the school's digital outreach.
- Currently developing a new, modern website to further improve the school's online presence.
- Leading the development of a dedicated website for teacher training programs.

Frontend Development Projects

- YouTube UI Clone** – Developed a user interface similar to YouTube using HTML and CSS.
- Amazon Clone** – Created a frontend replica of Amazon using HTML, CSS, and JavaScript.
- Personal Portfolio Website** – Showcased skills, projects, and resume using HTML, CSS, and JavaScript.
- E-Commerce Website** – Built a custom shopping platform with HTML, CSS, and JavaScript.

AI and App Development Projects

- AI Math Tutor (College Project)** – Developing an AI-powered tool capable of solving complex mathematical problems while providing clear, step-by-step explanations.
- PCOS/PCOD Chatbot** – Created an AI-driven chatbot that delivers reliable information, preventive advice, and management strategies for PCOS/PCOD, helping raise awareness on women's health.
- Basic Calculator App** – Designed a basic calculator using Android Studio to demonstrate foundational Android app development skills.

TECHNICAL SKILLS

- Python, C, Java
- HTML, CSS, JavaScript
- SQL, DBMS
- Web Development
- App Development
- Machine Learning(basics)

SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Problem-Solving
- Adaptability
- Decision-Making
- Communication
- Critical Thinking

CERTIFICATIONS

- Generative AI Certification
- PMKVY Certification
- Introduction to Graph theory
- GSSOC Contributor
- Machine-Learning Workshop(GirlwhoML)
- Android app development
- Computer Networking
